## **1. Overview of Operating Results, etc.**

### **(1) Overview of Operating Results for the Period**

For the consolidated fiscal year (March 1, 2025, to February 28, 2026), the Japanese economy is on a moderate recovery trend, supported by improvements in the employment and income environment as well as the effects of various policies. On the other hand, uncertainties remain due to factors such as fluctuations in the financial and equity markets, concerns over a slowdown in overseas economies, persistently high resource prices, and a worsening labor shortage.

Even under such circumstances, the advancement of the IT society continues, and IT/DX investments aimed at improving business efficiency and strengthening competitiveness among companies remain steady. In particular, demand is expanding in areas such as the development of cloud environments, the acceleration and stabilization of networks, and the enhancement of security measures.

Our group has been strengthening its capabilities to respond to these growth areas, focusing on advanced technology fields such as cloud computing, load balancers, security, wireless, and network virtualization.

Our group has promoted its business based on the following key initiatives as a "professional group specializing in IT infrastructure."

Deepening and expanding enterprise customers: While improving the acquisition of new projects, we are also strengthening relationships with existing major customers, thereby ensuring stable revenue.

Strengthening selective orders in advanced technology fields and fostering-type matching: We maintained the provision of high-quality services by implementing in-house training for the early development of young talent and designing assignments according to technical steps.

As a result, the consolidated financial results for the fiscal year under review in accordance with IFRS were as follows: Revenue was 17,423,340 thousand yen (up 49.6% YoY), operating profit was 3,391,334 thousand yen (up 37.8% YoY), profit before tax was 3,371,702 thousand yen (up 37.0% YoY), and profit attributable to owners of parent was 2,457,800 thousand yen (up 36.6% YoY).

## **(2) Overview of the financial position for the period**

At the end of the fiscal year, total assets increased by 5,422,083 thousand yen from the end of the previous fiscal year to 14,024,929 thousand yen (an increase of 63.0% YoY).

Current assets increased by 1,981,440 thousand yen to 7,365,482 thousand yen (up 36.8% YoY), and non-current assets increased by 3,440,642 thousand yen to 6,659,447 thousand yen (up 106.9% YoY).

The main factors for the increase in current assets were an increase of 1,025,124 thousand yen in trade and other receivables, as well as an increase of 885,079 thousand yen in cash and cash equivalents due to the acquisition of RIKSOL Inc. among others.

The main reason for the increase in non-current assets was the recognition of goodwill in the amount of 4,935,938 thousand yen, resulting from the acquisitions of SPIN TECHNOLOGY Inc. GOKU TECHNOLOGIES INC. ONE-TECH Inc. and RIKSOL Inc. among other factors.

At the end of the fiscal year, total liabilities increased by 2,275,127 thousand yen from the end of the previous fiscal year to 6,306,130 thousand yen (an increase of 56.4% compared to the previous year).

Current liabilities increased by 1,575,250 thousand yen to 4,401,021 thousand yen (up 55.7% YoY), and non-current liabilities increased by 699,876 thousand yen to 1,905,109 thousand yen (up 58.1% YoY).

The main reason for the increase in current liabilities is the increase in other current liabilities by 1,123,383 thousand yen, among other factors.

The main reason for the increase in non-current liabilities was due to an increase in bonds payable and long-term borrowings of 168,015 thousand yen, among other factors.

At the end of the fiscal year, Total Equity increased by 3,146,956 thousand yen from the end of the previous fiscal year to 7,718,798 thousand yen (up 68.8% YoY).

The main factors for the increase were a 2,457,800 thousand yen increase in retained earnings due to the recording of profit attributable to owners of parent, a 235,327 thousand yen increase in capital surplus resulting from share exchanges with SPIN TECHNOLOGY Inc. GOKU TECHNOLOGIES INC. and ONE-TECH Inc and a 386,907 thousand yen decrease in treasury shares, among others.

### **(4) Future Outlook**
